

Dear Parents/Caregivers,

Welcome to the 2025 Netball Season. Your child is interested in playing the 2025 Netball Season, the digital registration form (google form) will be shared this afternoon Thursday 6th March and will close Friday 14th March. This form will be accessible via Skool Loop and our school's Facebook page.

All students who wish to play will be placed in a team. The creation of teams are done through a trial/s that is held at school during school time (no spectators, sorry). Team list will be posted on the school noticeboard once confirmed. The school will decide who attends the Inter-Intermediate Competition. AIMS Games team is a separate trial held in Term 2 and players will need to sign up for this when the time comes.

As a school we are the vehicle to support the administration of these teams to be part of either Morrinsville Netball Centre OR Hamilton Netball Centre Competitions. We are reliant on community support to coach and manage teams. In order to ensure all students are able to be placed in teams, we need your support. If you are available to coach or manage a team, please indicate on the form. We do our best to find coaches for our teams, but this is getting more difficult every year. To support you, Morrinsville Netball Centre will be holding coaching clinics - these are usually free, and are an excellent source of support and development. I will advise when these sessions are available, extra information can be found on Morrinsville Netball Centre's FB page. Thank you.
